About **INDUSTRY**

Manufacturing has emerged as one of the high growth sectors in India and becoming the manufacturing hub of the world. With the help of Make in India drive, India is on the path of becoming the hub for hi-tech manufacturing as many global giants have either set up or are in process of setting up manufacturing plants in India. India is expected to become the fifth largest manufacturing country in the world. Engineering research and design segment revenues to increase fourfold by 2020.

The Indian engineering sector achieved astounding growth over the last few years driven by increased investments in infrastructure and manufacturing following some much-needed reform measures by the incumbent government. Development in sectors such as infrastructure, power, mining, oil and gas, refinery, steel, automotive, and consumer durables are driving demand in the engineering sector.

Why Exhibit

- Be Part of Our Record-Breaking Numbers and Highly Targeted Industry Professionals
- 500+ Participating Companies
- Showcase Your Latest Machinery, Technology and Services to Highly Focused Trade Visitors
- Meet and Engage with Leaders & Decision Makers from Across the Sectors
- Increase Market Share
- Explore NEW Business and Investment Opportunities
- Extensive Reach and Response
- Brand Building among the Industry and End-users
- More Than 25,000 Sqm of Gross Exhibition Space!

Materials Handling Market to be worth more than
US\$ 190 billion by 2026

for EXHIBITOR

Showcase your latest machinery, technology, products and services to highly focused trade visitors, trade media and trade delegations

One to One interaction with the industry professionals

Brand building with the industry and end users

Explore new business and investment opportunities

for SPONSOR

Enhance your leadership status

Educate and inspire a targeted audience with your products and services

Raise brand awareness and create preference to a targeted audience

Build leadership status in the industry

for VISITOR

- Explore the latest technology, machinery and services available in the market
- Explore availability of raw materials and suppliers
- Networking platform to connect with leading industry players
- Unparalleled opportunity for business tie-ups

and Much More to Explore...
